Diane Marcello
Vice President, Center Gate Estates Village VI
5753 Center Lake Dr
Sarasota, FL 34233

Dear Diane,

As you may know, I enjoy a good back and forth in order to get the best outcome. I also like being right, but if I am wrong, I admit it.

I work very hard to be right and there are a couple of women in our community, one in particular, that has taken almost every opportunity to criticize my every move, mostly in raging, incoherent, classless emails. Defending my position has become a full-time job, and I already have a couple of them; I don't need more.

Additionally, this pool issue has also taken up far more time than I have to spend. Constant research in order to protect the community from itself has also taken its toll.

Whatever the outcome of the vote today, the issue will be divisive, especially if the Board is split with an even number of Directors.

With all of that in mind, in order to avoid a split decision and the appearance of sour grapes should the Board decide to open the Pool, I am resigning as President and from the Board, effective immediately.

Best of luck and all good wishes.

Bruce
